

LIBERIAN LIBERTY LOAN

(Continued from First Page)

enough shares and Liberian Liberty bonds to lots of Negroes in Africa, America and Canada to buy a large steel ship instead of using the people's money to pay for a wooden ship about 40 years old on installment plan from the white people. It is a shame for Marcus Garvey and the U. N. I. A. to be using the name of the Liberian government.

The "Free African Movement" is another problem to be solved but I did solve it of Liberty Hall on West 138th street, New York City in August 12, 1920 having stopped Marcus Garvey from electing himself as President of Africa and rule 400,000,000 black people of the world. Therefore the members of the U. N. I. A. elected him without any vote from the black kings, chiefs and presidents in Africa as Provisional President of the U. N. I. A. in Africa and America. He also made the correct statements to his followers after reading my article in the New York Times of August 15, 1921 that he was not elected to rule the natives in Africa, or dictate to any of the African leaders in that great continent. If he had not obeyed me, I could have put him in Federal prison through the help of the American post office inspectors and detectives for his conspiracy and ambitious scheme of getting rich quick. But it is not too late yet for the federal authorities to investigate the "voodoo" power of Marcus Garvey. Many stockholders in the Black Star Line Steamship corporation are too scared to demand their money from the corporation, thinking that Marcus Garvey would "hoodoo" them with his "rabbit foot" in the office. One of the Negro Captains went to the Black Star Line office few months ago to demand his money after bringing the steamship Knappa back to New York City from Norfolk, Va., but somebody had to draw a gun on him in Garvey's office instead of a rabbit foot. That's the kind of man who is planning to redeem Africa in this New Year 1921. If I were the Captain I could have reported the matter to Mayor Hylan and the policemen in New York because it is against the Sullivan law in New York State for any white or colored person to draw a loaded gun on another person in his office. I hope the Negroes will take notice of this principal fact because there will be a race riot and revolutionary war in Africa if any of Garvey's followers is to draw a loaded gun on the natives in Liberia, West Africa.

How can Marcus Garvey and the U. N. I. A. redeem Africa without the consent and cooperation of the black kings, chiefs and presidents who were born and elected to rule the natives in Africa? As it is impossible for a camel to pass through the eye of the needle in Jerusalem, so it will be impossible for Marcus Garvey to rule any part of Africa. He will have to return to St. Ann, Jamaica, British West Indies, and rule the Negroes there, because a slave is allowed to rule in Africa. I read in the Negro World that he and members of the U. N. I. A. had sent five Negroes to Liberia to act as spies for the organization but I am quite sure that President King and the natives in Liberia will treat them as the African leaders always do to the spies in Africa. They used to cut the spy's head off and hang it on the tree in public market where every native could see the traitor but the King don't do that anymore since the American and European Missionaries brought Christianity to Nigeria, West Africa; but still they won't let any spy escape without punishment. Let us hope that these Negroes will not come to be traitors on their arrival in Liberia. They left New York in January 1921 but there is no available chance for Marcus Garvey to disappear with the people's money.

The President and officers of the Liberian Exodus Association disappeared with the people's money in North Carolina in 1878 and did not leave any record behind for the members where to find their money. The Chief Sam movement also disappeared in the United States in 1914 and we haven't seen Chief Sam and his steam ship Liberia but we are going to make the United States detectives and policemen use their power and help poor and needy Negroes to demand their money from the Black Star Line before Marcus Garvey disappears to No Man's Land with his red, black and green flag.

The writer of this article lives at 33 West 132nd street, New York, City and would like to hear from all the readers who are interested in Africa.

A CALL TO THE WOMANHOOD OF THE STATE OF VIRGINIA.

Five months from now we will meet cause of the Woman's Baptist State Educational and Mission Convention of Virginia.

Five months from now we will meet in our 26th annual session in the First Baptist church, Newport News, Va. Rev. Dr. Galvin, pastor. At this meeting we must raise ten thousand dollars for Education and Missions; the call is a great one and we must answer the call. The Hampton Hall is fast going up and much money is needed for the same. I hope we will be able to pay a number of thousands of dollars on this building after our meeting in June. I am therefore calling upon every worker and friend of the cause to do something this time. Give, help others to help and by all means pray daily for success of the work. We had a great meeting last June at Pocahontas, because we prayed and worked. If we want a great meeting in June pray and work and success will be ours.

To raise ten thousand dollars, we are calling upon the Districts to bring two thousand dollars each with circles, Volunteer Missionaries and District workers. Chairman, come in touch at once with every circle, district workers and missionary in your district.

We are asking the large circles to bring five hundred dollars the next largest three hundred the next two hundred and one hundred, volunteer Missionaries one hundred each. Annual members two dollars each; please answer when your name is called. We are asking every man and woman who has ever attended Virginia Seminary to give us a donation in this great drive. The school is in great need of this building and you can help the school to get the building by giving a donation for the same. We are depending upon you as individuals and workers for success in this ten thousand dollar drive.

District Chairman and Workers, I am calling upon you to plan a large program and work hard and pray three times a day that it be accomplished; put the Lord in all your plans. District workers write your chairman at once and let her know what you are doing, where you are and your address.

The Convention asks each circle to have Tag Day at the time that is best for your circle. The individual who raises the largest amount of money on that day by selling Tags will be presented with a medal at the convention. As soon as your Tag Day is over send the name of the person and the total amount raised on that day to the Corresponding Secretary, Mrs. M. W. Richardson, 2017 Rose street, Lynchburg, Va. She will see that you be presented with a medal at the convention. Make Tag day a big thing in your community; hold the school up before the public; especially on that day, make your program that way. Cooperate in prayers and work, and ten thousand dollars will be ours in June.

These are our District Chairman, who will bring up two thousand dollars or more in June:

FOOD EXPOSITION WEEK IN WASHINGTON.

Food exposition held in Washington last week was a great affair and surpassed anything of its kind ever before held in the district. It was given under the auspices of the Washington Eagle an American colored weekly owned and published by J. Finley Wilson, a most progressive race man.

Never before in the history of the district has there been manifested any greater interest in an enterprise which had for its purpose the instruction of our citizenry in scientific housekeeping. The exposition was held from January 31, to February 4th inclusive. More than ten thousand persons were in attendance daily and the interest grew so intense that the hours had to be extended to accommodate the eager public.

The Washington Gas Light Co. and the Howard P. Folley Co., had on display gas and electrical appliances to the amount of about \$50,000.

Food products put on exhibit were given by the Calumet Baking Powder Co., Gambrell Wholesale Grocery, The Postum Cereal Co., Pillsbury Mills Co., and the Gaston Brew Fisheries Co.

The Washington Gas Light Co. gave as the first prize a narrow gas range, which was awarded to Dr. W. A. Taylor. A beautiful gas lamp was awarded to Mrs. George D. Johnson the wife of Hon. Henry Lincoln Johnson for excellence in cake baking.

Mrs. Williams was awarded a duo point electric iron by the Howard P. Folley Company.

Lessons in domestic science were in charge of Miss Inez McWhorter the expert cook of President-elect Warren G. Harding. The exhibit closed last Friday night February 4th with the request that this be made an annual affair.

We ask the public for their prayers for our success. Some of the sick of our community are Mrs. Georgia Yates, Ida Lomax Bessie May Reynolds, and Queen Esth or Goode.

Last Sunday 3:30 P. M. we were graced with the presence of Mrs. Maggie L. Walker and part of her office force and members of the I. O. of St. Luke. We had a grand old time, every one present was inspired after listening to addresses from Miss Cross Walker and Williams. The proceeds went for the benefit of Rev. RHEUMATISM

A REMARKABLE HOME TREATMENT GIVEN BY ONE WHO HAD IT.

In the Spring of 1893 I was attacked by Muscular and Sub-acute Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a treatment that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with rheumatism, some of them 70 to 80 years old, and results were the same as in my own case.

I want every sufferer from such forms of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long looked for means of getting rid of your rheumatism, you may send the price of it, one dollar, but understand I do not want your money unless you are perfectly satisfied to send it. I am that fair? Why suffer any longer when relief is thus offered you free. Don't delay. Write today.
